

Teo 4104 IP Phone

The Teo IP Phone 4104 is a full-featured model that is ideal for most office users. With a bright backlit display, access to four lines, and dedicated feature keys, the IP Phone 4104 is perfect for the power user looking for high functionality. Like the IP Phone 7810, the IP Phone 4104 incorporates TLS and SRTP encryption and supports both IPv4 and IPv6 transport.

“Teo believes a powerful solution shouldn’t be difficult to use.”
