

Committee on National Security Systems

CNSS-046-10
1 September 2010

NATIONAL MANAGER

Tone Commander Systems, Inc./Teo Technologies, Inc.
11609 49th Place West
Mukilteo, WA 98275

Mr. Steve Hill:

On behalf of the National Manager for National Security Telecommunications and Information Systems Security, as designated by National Security Directive 42, I am pleased to notify Tone Commander Systems, Inc./Teo Technologies, Inc. that the Tone Commander or Teo 7810PoE TSGA was approved.

The following CNSS serial number is assigned to the Tone Commander Systems, Inc./Teo Technologies, Inc. equipment:

CNSS-A-04-2010
Tone Commander or Teo
7810PoE-TSGA
S/N 10660088111

Requirements: Use of Tone Commander/Teo 8030X button expansion module or headset will not affect type acceptance. Once the telephone features are configured it must be “locked down” to prevent remote reconfiguration.

The Tone Commander or Teo 7810PoE TSGA must be resubmitted for approval if substitution of any component alters its electrical or acoustic characteristics. A random sample of this model will be tested one calendar year after CNSS approval to ensure compliance with CNSS guidance.

FOR THE NATIONAL MANAGER
